YOUR TREASURE CHEST

Make for yourself a treasure
chest,
But not for gems and gold--
Fill it with things more
rare and fine,
As full as it will hold.

Into it place your kindly
thoughts,
Of friends whom you hold
dear,
The classes, the teachers,
the happy hours,
That fill your life with
cheer.

And then if dark days come
along,
And your bright prospects
mar,
Open your treasure chest
and see
How very rich you are!

Our Senior Year

It's a time for joy a time for tears

A time we'll treasure through the years.

We'll remember always--Our Senior Year.

At the senior prom we danced til three

And there you gave your heart to me

We'll remember always--Our Senior Year

Though we leave in sorrow--

All the joys we've known.

We can face tomorrow

Knowing we'll never walk alone,

When the ivy walls are far behind

No matter where our path may wind--

We'll remember always--

OUR SENIOR YEAR.

NOW ENTERING THE ERA OF ALL-ELECTRIC LIVING

Today's graduates are entering an exciting new era where they will live better electrically in every way . . . at home, at work, or at play.

For example, if you choose marriage, you can enjoy an all-electric home. Included will be electric heat, built-in electric range and refrigerator and a host of time-saving, economical electric appliances. They will be the ultimate in modern living comfort and convenience.

Or, if you go into business, efficient electrically operated machines will assist you in getting the job done swiftly and easily—again an illustration of the versatility and dependability of electricity.

Or, if you go on to college, perhaps you will become one of the scientists or technicians who help further mold the all-electric world of the future.

No matter which path you may choose, electricity will be there to lighten your load, brighten your way . . . help you live better . . . electrically.
